RE: Notification of Nutritional Support Statements

Dear Sir or Ma'am:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Skin Eternal Hyaluronic Acid™ a dietary supplement. Source Naturals® is the manufacturer of Skin Eternal Hyaluronic Acid™.

Statements being made in the labeling of Skin Eternal Hyaluronic Acid™.

- 1) Hyaluronic Acid and collagen are vital components of skin structure that decline as we age.
- 2) They are responsible for the skin's moisture, suppleness, and elasticity.
- 3) Patented BioCell Collagen II™ is made from 100% pure cartilage, which has undergone an absorption enhancing hydrolyzation process that yields low molecular weight hyaluronic acid, chondroitin sulfate, and Collagen Type II peptides.
- 4) These elements found in BioCell Collagen II™ make it a multifaceted ingredient which may help support joint comfort and function.

To the best of my knowledge and belief, and based upon information available at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.

Ira L. Goldberg
President, Source Naturals®
